

Hi one 'n all,

Just to let you know that my friend and I thoroughly enjoyed last Friday's "All Around My Hat". The colour of the costumes, exuberance and atmosphere were exhilarating. Just loved Eric's "Cousin Jack" - it is very moving. Noni you were having the time of your life as usual - your smile was as wide as Sydney Harbour so I found I couldn't stop smiling either! Loved the new arrangement of "Long Journey Home" - it really worked well. Just adored the harmonies and presentation of "Let the Mystery Be/Pie in the Sky", it was great - well done to Glenys. Patricia's recitation was fabulous - congrats! Hil, you are such a clown - what a perfectly ridiculous German saurkraut/schnitzel you are - "Schnitzelbank" was hilarious!! All the girls dancing at various intervals was a lot of fun - so Gial, congrats on putting it all together. And Kevin, what can I say? You were suaveness itself in your penguin suit and such a natural performer. Very impressive.

It felt quite strange being in the audience and not taking part. However, tomorrow is another day....

Thank you Wayne, Jill & Gial for such a wonderful show. I won't fade away but will keep tabs on the Loosely Woven activities from afar and the goings-on at Humph Hall.

Best wishes

Jackie
