

I so enjoyed the concert this afternoon at Humph Hall. I was blown away by the simple elegance and practicality of your new home. I can just see a similar such at St Andrews.

I enjoyed the second dose of Around my Hat as much as the first as I knew what I was looking forward to hearing. My favourites are Tuxedo Junction, Trousers, Puddles and the suitcase song - so sad!! And all the rest of course.

You have such gems in your troupe!

Cheers
