

Hello Wayne

Thanks for the Email and the advice re the Peter, Paul and Mary video.

By now I should have written to you so apologies that I did not and congratulations on the concert on Sunday. I thoroughly enjoyed it and was very sorry when it ended. Your ensemble certainly works hard and very well together covering such a diverse repertoire. There was not a bad item on the bill. I look forward to your Christmas Concert.

Yes I would like to come to the PPM film and that is in the diary barring any and all disasters.

See you then. Keep well.
