Sonya, Cheers from fruitland! Never got one custard apple  
this year due to arboreal rats that frustrate the hell out  
of the dog! Playing & singing are still a small (but growing)  
part of my life. We are into next years concert preps  
already. I've met up with Max as you'd know - we had  
a lovely arvo out the back of Cashol's pub with ocean views  
The Sacaranda festival person that listened to the cd  
loved it but has no input musically. The pubs do that  
and I've heard that cause of pissed louts (as there always is)  
some pubs aren't having music at all. Jazz etc festivals  
may be better - I'll keep my eyes nears open.  
Oranges are ripe now, so juice a plenty, doing otime  
tonight 14hrs so there is work a plenty too. Take care  
& come - visit anytime. Lu Lu xx

Hi Sonia

I wish u could have stayed abit longer at carhouse so we could get to know u better but anyway there is always next year.

One thing I never get to say to u is that I think that your voice is amazing and one day I hope to sing like u.

Next year when we have billets I want u to come to our house.

P.S

I hope u make and wear some jewelry that u bought when u were here.

♥  
Love Georgia

Hi Sonia  
what have you bening doing these weeks

we all hope you don't get sick or any think. I georgia Josh and ron and Allison

went ice skating with our freinds on wednesday we also went on the toboggans too.
