Dear Wayne,

At a recent meeting of the Arts Council a most sincere 'thank you' was passed for the wonderful performance of Loosely Woven. We are sorry that the audience was on the small side but those who were there enjoyed it very much.

Loosely Woven is to be congratulated on the pleasure that you bring to people and the fact that it is done without cost and for your enjoyment, is very special. Thank you.

I personally have greatly enjoyed the DVD Waltzing with Bears, made all the more special by recognising faces – my little granddaughter Lucy also enjoys bouncing along with that too. Again thank you.

We from the Arts Council send our best wishes to all those who take place in your performances and again offer our sincere thanks for the performance in Dorrigo.

Yours sincerely
