Des Wayne & Gial

Thanks so much for all the work & care you both put in for the tour. I dropped out at Orange due to a bad cold but it was a wonderful experience.

A friend from Orange had feedback on the Bathurst concert. "Cuz (my friend) you have to see them, it was the most wonderful experience I have attended I actually felt included, it was so much fun and they were really enjoying themselves, I loved it."

I think that sums it all. I particularly liked the bit about being included.

If it does happen again next year maybe we could go to Blackheath the straight to Dubbo + work our way back east. It might mean we all go to Dubbo.
Good luck with the Council Cathy Cavanagh (a heathen)
