# Braindump re Sandy's children's songs

## Background

I have been working as a casual with children aged 0-6 years in long daycare for over 5 years. I sing nursery rhymes and other children's songs as part of my interaction with the children.

My songs mostly began spontaneously, using existing tunes in my head, in 2008. I have sung these to children in 5 centres and had favourable responses. Some songs involve simple actions.

I am neither a trained singer, nor a musician. I could sing the songs on the recordings, but am not attached to this idea. One song needs male, female and group voices.

## Relevance

My songs reflect everyday childcare situations such as

- Reassuring children/giving them a sense of time
- Giving instructions (children listen when they are sung!)
- Empowering children (based on observations of their issues)
- Improving literacy, numeracy, musicality, health, exercise; developing fine & gross motor skills
- Entertainment

Additionally, the Australian childcare industry has introduced the National Quality Framework/Early Years Learning Framework in 2012 with an emphasis on children Being, Belonging and Becoming. I believe my songs contribute to children's development in these areas.

## Vision

"Publish" the songs in audio, print, and maybe video in a simple, yet professional manner (think "Playschool")

- For children (reasons above)
- As a teaching resource in childcare
- As a teaching/learning resource for English as a second language
- To promote a better tomorrow

## Method of "publishing"

We briefly discussed various options including

- Distribution by Australian organizations who service childcare organizations through training, publications, music, toys, etc
- You-tube video
- I-tunes download
- Website – PDF of instructions
- Combination of the above

## Resources/Costs

I understand you, Wayne, can provide musicians (including yourself); are able to record sound and/or video; and can upload to internet.

I have limited financial resources, so would need to agree a budget, and do things cost-effectively.

## Scope/Remuneration

The focus is on getting it widely distributed and used at an affordable price.

The internet would enable this to be worldwide. (e.g. a friend in Argentina, who teaches English as a second language, is already interested)

Whilst the object is not primarily to make money from it

- I don't want someone else to use it and make money from it without getting any financial benefit myself
- People tend to respect and use things more when they pay for it rather than getting it for free
- I believe there should be an energy exchange of some sort

I am not seeking to get "something for nothing" from you/other musicians involved. I feel that you should be reimbursed for any costs, and benefit from any money made.

### Charity

I am happy for money raised to go to charity. My preference would be children's charity & literacy.

I will have to investigate further how this can be done.

[At some point I would like to have my own self-funded, sustainable charitable foundation which empowers people, particularly young Australians. I have some ideas for this, including involving my creative pursuits of dancing, books, children's stories, guided meditations, poetry, card design, inspiration ... and songs? None of these are published commercially at this time.]

### Copyright

I would want to ensure that there is no breach of copyright with the tunes. All the song lyrics are original (though not sure about the Swimming song – if it is a development of an existing song.)

### Material Available

I have the lyrics written. The actions for Counting and Swimming songs are in my head. I have made some notes on the relevance of each to the National Quality Framework, i.e. skills/benefits.

### Songs

<i>Child tested</i>	<i>Song</i>	<i>Tune</i>	<i>Demo actions</i>
Yes	Counting to 20	Twinkle little star	Yes
Yes	Cover your nose/mouth	Yellow brick road (Wizard of Oz)	?
No	Empowerment (I am strong)	Hungry, Hungry *	No
No	Friends (pronouns)	?	No
Yes	Hat on	Frere Jacques	No
Yes	I can do it	Frere Jacques	No
Yes	Mummies and daddies are coming soon	Here we go round the mulberry bush	No
Yes	Please and thank you	Frere Jacques	No
Yes	Swimming	?	Yes
No	Words and feelings	Three blind mice	No
No	Exercise song	?	Yes

\* Hungry, hungry is from Playschool's John Hamblin between 1970-1999 and is from The Super Supper March by Dr Seuss. Not sure if this is also the name of the tune.

Some songs are only 6 lines long (but could be repeated).

### Next Steps

- Make demo recording for you to hear
- Distribute these notes to people who may be interested in being involved in the project
- Meet to discuss further

# Empowerment Song

(Tune: Playschool's 'Hungry, hungry, I am hungry')

1 G ♩=130 D7 G D7 G D7 G D7

I am strong and fit and health - y I eat lots of fruit and veg - es.\_\_\_\_  
pizz.

5 G D7 G D7 G D7 G D7 G

Wa - ter is my fav - 'rite drink My brain needs wa - ter to help it think.

I am very, very clever  
I know what is right and wrong  
I can choose to do the right thing  
I teach others by what I do.

I am very, very lucky  
Lots of friends to play with me  
We share time and toys together  
Everybody is my friend.

I am very, very grateful  
I have everything that I need  
I help others, they help me  
That's the way the world should be.

I am very, very happy  
I make others happy too  
When I smile I feel much better  
Other people start smiling too.

I am very, very brave  
I try new things every day  
Sometimes I may need to practice  
I know everything will be okay.

I feel good about myself  
I'm the best that I can be  
I know I'm a special person  
I'm so happy to be me.

# Friends

Please when you want it, Thank you when you get it, Thank you ve - ry much. Thank you ve - ry much.

H. Thank you ve - ry much. Thank you ve - ry much.

Pno.

Tri.

Detailed description: This is a musical score for the song 'Please and Thank You', which uses the 'Frere Jacques' melody. The score is arranged for guitar, harmonica, piano, and triangle. It is divided into two systems. The first system (measures 1-4) features a vocal line with lyrics 'Please and Thank you, Please and Thank you, That's what we say, That's what we say,' and a harmonica line that enters in the second measure. The piano accompaniment consists of chords in the right hand and a simple bass line in the left hand. The triangle part has a rhythmic pattern of quarter notes. The second system (measures 5-8) features a vocal line with lyrics 'Please when you want it, Thank you when you get it, Thank you ve - ry much. Thank you ve - ry much.' and a harmonica line that enters in the sixth measure. The piano and triangle parts continue with the same accompaniment as in the first system.

# I can do it

(Tune: Frere Jacques)
