

Dear Wayne and Loosely Women  
Performers and all volunteers,

Thank you so much for sending me  
a cheque to cover part of my  
medical expense related breast cancer  
surgery.

Without your support, I couldn't  
pay for the unexpected cost which  
wasn't covered by Medicare nor  
Private health insurance.

I finished 4 cycles of Chemotherapy.

I am wait listed  to start  
radiation therapy 5 days a week  
for seven weeks.

I returned to work after 2 weeks  
recovering from my operation. I had  
to adjust my work for long time  
eg. no heavy lifting, plenty of rest.

I still need frequent rest and  
5 to 6 small meals each day.  
I get tired easily and sleepy.  
I have some swelling in my left  
arm which made me feel sick and  
little headache (from side effect of  
operation). All the best for you! PTO >

future productions and continuous  
fundraising to support people  
in need and bring joy to the  
world!

Looking forward to seeing your performance.  
Best wishes and blessings,

May
